DIGITAL INSULATION TESTER · COMPACT, RECHARGEABLE

DIT-5005

A compact, rechargeable digital insulation tester with direct LCD readout — fast, accurate insulation resistance measurement on equipment, appliances, and cabling.

DIGITAL LCD READOUT

Digital Insulation Tester

A compact, hand-held digital insulation tester with a 3½-digit LCD display, for direct measurement of insulation resistance on electrical equipment, household appliances, and industrial, commercial, and residential installations. Includes a facility to be used as a bench-top instrument as well as a hand-held meter.

- **3½-digit LCD** — direct insulation resistance readout
- **Rechargeable Ni-Cd cells** — charged via supplied cord
- **Bench-top or hand-held** — convertible use
- **Lo-Bat indication** — on display, when recharging needed
- **Rugged ABS body** — compact and portable

Manufactured in India since 1963 — trusted by various State Electricity Boards, Indian Railways, cement and metal industries, and other sectors.

- V **500V or 1000V** Specify at order
- Ω **Up to 2000 MΩ** Insulation resistance range
- B **Rechargeable** Ni-Cd cells, charging cord incl.

01 Full Specification Sheet

PARAMETER	SPECIFICATION
Display	3½ digits, L.C.D.
Accuracy — Insulation	±3% of F.S. ±5 digits
Accuracy — Output Voltage (DC)	±10% at rated resistance
Confirms To	IS 10656-1983
Rated Voltages Available	500V / 1000V (single range per unit)
500V Range Options	0–200 · 0–1000 MΩ (select one)
1000V Range Options	0–200 · 0–2000 MΩ (select one)
Dimensions (L×W×H)	172 × 98 × 38 mm (approx.)
Weight	550 g (approx.)
H.V. Test	2 kV A.C. (r.m.s.), 1 min., circuit to containing case
Insulation Resistance Test	More than 50 MΩ at 500V D.C.
Warranty	12 months against any manufacturing defect

Any combination apart from the standard voltage & resistance combinations above can be built to order.

02 Typical Applications

- Insulation measurement of electrical equipment (motors, transformers, machines)
- Household appliances (mixers, toasters, washing machines)
- Industrial, commercial, and residential installations
- Electrical cables for distribution and communication networks

03 What's in the Box

- ✓ Carrying case
- ✓ Charging cord
- ✓ Testing lead, 1m
- ✓ Instruction manual
